BEFORE LEAVING NEW COLLEGE:

- **EVERYBODY SHOULD BE ACTIVELY MONITORING THEIR DISCORD FOR THE WHOLE DAY. CHARGE YOUR PHONES, PEOPLE!**
- All folks should be on-site at 10:10. **ELs** & **OIs** should be in Wetmore Lounge; **PLs** should be with their groups in the Quad.
- At 10:10, VMs will send two messages in Discord:
    - One: a reminder to **PLs** to inform their PGs that groups begin departing from the Quad in 10 minutes, and groups will continue to leave until 1:30.
    - Two (in #all-leaders-execs-💚): a request for:
        - 7 **ELs** to leave Wetmore Lounge and come to the doors of the Quad, but please don't actually step outside (it will be very crowded).
        - 1 **PL** from each PG to meet them by the entrance to Wetmore Lounge;
            - **HLs** – we want you leaving at staggered intervals throughout the morning (every 5 groups or so), so don't all come at once.
- VMs will begin sorting folks into groups of approximately 3 OLs. **Pay attention-** there is no time for confusion or hesitation! When it's go time, it's go time!
    - Most often, the groups will look like **2 PLs and 1 EL**.
    - In cases where we don't have enough folks to form a group of 3, **OIs** will be asked to step in to fill the gaps.
- PLs, ELs, OIs: You must listen for VMs to give you your **route,** which will be **Route 1 or Route 2**. VMs will also give you a **number** (e.g., "group 1" "group 5").
    - **ELs:** as soon as you receive your group & number, you must send a **direct** message to Conor the following message (paraphrase if you wish, the language isn't sacred): **"Woodbine group #[x] is made up of [First name of 1st OL], [First name of 2nd OL], [First name of 3rd OL] [etc], and we are taking route [y]"**
    - If you do not have data, or another reliable way of sending messages on Discord when you do not have immediate access to WiFi/internet connection, **ask a PL if they're able to do this for you**.

    - If **nobody** in your group is able, inform the VMs. They will remake the group.
    - **This is because Conor is extensively tracking the movement of each group. If there are significant delays, they will report you as missing.**
    - Report back ANY delays to Conor as SOON as you become aware of them.
    - Conor will likely emoji react to all messages instead of taking the time to draft a proper response. Look for that emoji as confirmation of receipt.
- VMs will facilitate forming a line of NewCs. When it's time to form a group, they will pull approximately 17 NewCs from the line at a time, maybe more or less as the morning goes on and they get a sense of the numbers.
- VMs will signal to your group when it's time to leave. VMs have received very specific, minute-by-minute instructions on how departures will work, so you must be prepared to leave as SOON as they inform you to.
    - If you are taking Route 1, walk with your NewCs through the South exit of the Quad onto Willcocks Street, and begin walking to St George station.
    - If you are taking Route 2, exit the Quad through Wetmore Lounge. Exit through the 21 Classic entrance and begin walking to Spadina station.
- VMs will, throughout the morning, ask for more OLs to join them as they make and send groups. **Stay prepared – ahead of time, decide with your peers who will leave when!**

ROUTE 1: NEW COLLEGE --> ST GEORGE STATION --> WOODBINE STATION --> 1816 LAKE SHORE BLVD EAST --> THE BEACH!

- ELs (or whoever is the designated messenger): when you leave New College, MESSAGE Conor on Discord informing them that your group # has left New College and you are travelling to your next stop, which is [insert here].
    - Moving forward, you don't need to include # or which stop is next, I just want confirmation that we're all on the same page and nothing weird has changed.
- Exit the Quad through the Willcocks Street entrance, turn left, and begin walking North up Huron to Harbord Street.
- Once you reach Harbord Street, cross the road North and East. You should be diagonally across the intersection.
- Walk East until you reach St George Street. When you reach St George Street, cross the road.
- Turn North and begin walking toward **St George Station**. Be careful whenever crossing the road and obey all traffic laws.
- ELs: when you arrive at St George station, MESSAGE Conor on Discord.
- Everyone must pay their own fare at the gates. If NewCs do not have the funds to pay their fare, see if you can coach them through buying a Presto/TTC ticket. If not, send an OL with them back to New.
- You are to board the **Line 2 Eastbound train** and will get off at **Woodbine station**.
- ELs: when you are about to leave St George station AND when you arrive at Woodbine station, MESSAGE Conor on Discord.
- You must take the **92 Southbound bus** and get off at **1816 Lake Shore Blvd East** (NOT the Woodbine Beach Loop). ELs: when you are about to board the bus AND when you arrive at the stop, MESSAGE Conor on Discord.
- Cross the road and follow the path; you should see the setup immediately. ELs: When you arrive at **Woodbine Beach**, MESSAGE Conor on Discord.
- COMPLETE THIS PLAN IN REVERSE WHEN RETURNING, BUT PLEASE ENSURE YOU DO NOT CROSS THE ROAD TO BOARD THE BUS – THE NORTHBOUND BUS IS ON OUR SIDE OF THE ROAD!

ROUTE 2: NEW COLLEGE --> SPADINA STATION --> COXWELL STATION --> QUEEN ST EAST AT KINGSTON RD --> THE BEACH! (LONG WALK REQUIRED)

- ELs (or whoever is the designated messenger): when you leave New College, MESSAGE Conor on Discord informing them that your group # has left New College and you are travelling to your next stop, which is [insert here].
    - Moving forward, you don't need to include # or which stop is next, I just want confirmation that we're all on the same page and nothing weird has changed.
- Exit the Quad by temporarily going indoors to Wilson Hall. Turn left, walk past the Front Desk and exit through the main entrance, turn right, and begin walking North up Spadina to **Spadina Station**. Be careful whenever crossing the road and obey all traffic laws.
- ELs: when you arrive at **Spadina station**, MESSAGE Conor on Discord.
- Everyone must pay their own fare at the gates. If NewCs do not have the funds to pay their fare, see if you can coach them through buying a Presto/TTC ticket. If not, send an OL with them back to New.
- You are to board the **Line 2 Eastbound train** and will get off at **Coxwell station**.
- ELs: when you are about to leave Spadina station AND when you arrive at Coxwell station, MESSAGE Conor on Discord.
- You must take the 2**2 Southbound bus** and get off at **Queen St East at Kingston Rd.**
- ELs: when you are about to board the bus AND when you arrive at the stop, MESSAGE Conor on Discord.
- Cross **Eastern Avenue** and continue Eastbound.
- Turn right/Southbound at **Joseph Duggan Road**. Continue South past Boardwalk Avenue.
- Cross the road at Lake Shore Blvd East. Follow the path and you should see the setup immediately.
- ELs: When you arrive at **Woodbine Beach**, MESSAGE Conor on Discord.
- WHEN RETURNING, DO NOT CROSS THE ROAD AT EASTERN AVENUE. Instead, turn left and go to Eastern Ave at Queen St East. Wait there. This is to minimize how many roads we have to cross.

WHILE AT THE BEACH:

Refer to Duotangs for detailed instructions.

Be mindful that as soon as VMs arrive at the beach (approximately 1:45 if everything goes according to plan), we will begin forming departure groups. You need to be diligently monitoring your Discord in order to respond to these requests.

Additionally, some NewCs may be attempting to travel independently. If this is the case, and one gets lost, it is the job of the ELs to find them and ‘rescue’ them. If this is the case, Conor will message on Discord and find an EL who is able to support – the first person who messages will be the assigned EL. Connect with Conor for further information day-of in case you need to be this person.
