Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
1-1:15 PM	Set-Up	Retrieve buzzers and other materials from WI2002 in Family Feud box and bring them to the William Doo Auditorium. Put 1Buzzer on round table in between the two long tables, and the other at the Primary Exec / AV EL's podium.
1:15-1:30 PM	Set-Up	**If in the event you have to run the AV for this event, go to www.playfamilyfeud.com and use control panel access codes: YCEO5, 39QXG, X46RA, _____ and TVO5V to gain administrative access to launch the pre-made Family Feud decks.** Utilize the HDMI cord at the podium to connect your laptop for AV projection. Get familiar with how to utilize the control panel to the best of your ability. Review questions in slide deck sets with Host OCs or EL.
1:30-1:45 PM	Group Forming	Welcome in NewC's and help them form groups of 4-5 based on when they enter the room (first 4-5 in are group 1, and so on). Ensure NewC's are seated at tables. Do this in between rounds throughout the program to ensure NewC's who join later on have groups to participate in.
1:45 – 4:00	**Follow Instructions on Control Panel and rotate**	Follow the prompted instructions and play as many games as you can! Refer to the game rules as follows: (1) Two teams of five sit at long tables beside the podium. One member from each team comes to the podium and faces off. (2) The first to buzz in after the host asks the question answers. If correct, their team plays; if wrong, the other team plays. (3) The

	between launching new decks	playing team must give answers from the question board. Incorrect answers earn strikes, and three strikes end their turn. The opposing team can then steal the points.
4:00-4:30 PM	Clean-Up / Spill the Tea Transition	Collect and store all game equipment: lock up the microphones in the podium, dispose of any trash or debris in the seating and stage areas. Aid the Execs/EL's of Spill the Tea in transitioning the space for the next event by following their directions. Return all materials to WI2002.

Additional Information

Weather Plan

This event is indoors so there is no plan in place to accommodate inclement weather. In the event there is inclement weather, there may be a sudden increase in attendance. Treat one side of the Doo as Team A, the other as Team B, and rotate 5 NewC's from each side of the room to answer questions on decks.
