CarNEWval – Hot Ones

Tuesday, September 1st, 2026, 8:00 pm – 10:30 pm | Quad

	Name	**Phone Number**
Primary Contact	Conor Gross	(289) 230-8764
Secondary Contact	Aurora Chen	(416) 346-7628

Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
19:20 – 19:45	Set up	• Meet Conor in the Fishbowl at no later than 19:20. Assist them in bringing all materials to the Quad. • At some point during this window, someone from Wingstop should be arriving to drop off 100 chicken wings. It isn't an exact timing so they may arrive earlier or later, we'll be adaptable. • Before serving food, wash your hands and put on gloves. Make sure to always use tongs. • We'll set up five plates of chicken wings in a row – one for each sauce. We'll douse about 15 chicken wings in the first two sauces, about 10 in the second two, and about 7 in the hottest. We'll make more as needed. • Behind each plate, place each hot sauce bottle, and in front of each plate, place a label and spiciness rating. • We'll post a very visible warning sign about consuming the wings at your own risk and how we are NOT liable for any injury that may happen from eating wings that are too spicy. • Set up stacks of napkins and ensure that bread, juice, and milk are on standby.
7:45 pm – 8:00 pm	Help with final set up	• Once your station has been completely set up, check whether the leaders around you need help.
8:00 pm – 10:30 pm	Help serve Hot Ones!	• When NewCs come by to try them out, you'll be in charge, generally, of getting them a plate and a napkin and serving them their first two hot wings. Conor will handle the final three.
10:30 pm –	Clean Up	• Find ways to dispose of any uneaten Hot Ones

11:00 pm		(either by feeding to the team or trying the front desk if no one else wants them) • Return all materials and signage to the storage box and Conor will bring to 500U. • Scan the picnic table for any trash and dispose appropriately.

Additional Information

Weather Plan

Please use this space to highlight any changes that will be made to the program in the event of inclement weather. This should include: back-up location; instructions for changes in set up, activities, etc.; and any other changes relevant to ELs.

Move all supplies into Wetmore Lounge, in case of inclement weather. Wait for specific set up locations, from execs.
