There they are free to use the bench space that is already available. Ensure that leaders go with them to ensure that everything in this alternate location goes smoothly.

Weather Plan

Please use this space to highlight any changes that will be made to the program in the event of inclement weather. This should include: back-up location; instructions for changes in set up, activities, etc.; and any other changes relevant to ELs.

This event occurs indoors, so there is no alternative set-up. However, it is important to note that students from outdoor events may move to attend this event, resulting in many students in attendance.
