Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
3:30 PM	Set-Up	Get Pipe Cleaners and signage from CrafterNEWn box in WI2002 and bring to the desk at the front of the classroom in 2006. Ensure signage is up on both sides of the wall outside 2006. Que the "Pipe Cleaner Crafts" Playlist by the YouTube channel One Little Project on the projector: **find search info and what to do in the event 2006 is locked in additional information**.
4:00 PM	Bringing NewC's in and handing out materials	Stand outside 2006 to direct participants inside, get them seated and give each person 10 pipe cleaners. Handout more throughout the program as needed. **Use your discretion if attendance is high to limit each NewC to one-three crafts and encourage them to check out other stations to make more room for new participants. Do this throughout the program**
4:15 - 6:00 PM	Crafting, replenishing supplies, and attracting more NewC's into 2006	Start the playlist and pause/rewind when needed to help NewC's with their crafts 😊 If attendance is low, stand outside 2006 to direct participants inside.
6:00 - 6:30 PM	Clean-Up	Ensure all leftover supplies are moved from 2006 to the CrafterNEWn box in WI2002. Make 2006 look how it did when we entered the space. Turn off AV, and put trash in the garbage.

In the event that WI2006 is locked and Exec is not present: Go to ORSL or the front desk to get the keys to unlock the classroom or personnel who can.

Weather Plan

Please use this space to highlight any changes that will be made to the program in the event of inclement weather. This should include: back-up location; instructions for changes in set up, activities, etc.; and any other changes relevant to ELs.

If there is inclement weather more NewC's will be in Wilson Lounge than expected. Limit crafts to one – three per person and encourage them to check out other CrafterNEWn stations!
