Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
10:00-11:30	Set-Up	• Meet Conor and Rana in the Fishbowl at 10am. You will receive a box of materials for your station (mostly just laminated posters of UofT locations). • Rana will walk the path of Route 2 and drop off station ELs sequentially. When we get to Gerstein, Rana will direct you to where you need to be set up. • Review the posters & the information/prompts on the back of them. • Rana will visit your station before the event starts to confirm that you feel confident.
11:30-13:20	Facilitation	• This event is themed. Your story is that the NewCs (called "Sailors" for this event) have been sailing the seas and finally have a glimpse of land. Unfortunately, they cannot see much. • Start a timer for 8 minutes as soon as the NewCs arrive. • Select one NewC to be the Lookout. The Lookout will receive a stack of laminated posters. On one side of each poster will be a photo of a campus feature, along with a list of potential buildings the feature could belong to. On the other side of the poster are a series of progressively more helpful hints/prompts. • You will stand next to the Lookout holding a map of UofT. Students can match building codes to the map. • The Lookout will be instructed to prompt the Sailors to guess the building/location of what's featured on the poster. When students correctly guess the building/location, it's a point. The goal is to guess as

		many buildings as possible. • Give the students 6 minutes to get as many as possible, then hand out hint cards to everybody. Ensure you give the right cards to the right groups.
13:20- 13:40	Clean-Up	• Return all posters to the box. • Make sure there's no litter or anything. • Bring the box back to 500U and give it to Conor.
