Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
10:00-11:30	Set-Up	• Meet Conor and Rana in the Fishbowl at 10am. You will receive a box of materials for your station (mostly just laminated posters of UofT locations). • Rana will walk the path of Route 2 and drop off station ELs sequentially. When we get to Front Campus, Rana will direct you to where you need to be set up. • Please set up two pylons approximately 4 metres away from each other. Prepare your potato sack (make sure there are no holes or anything that would prevent it from being used). • Rana will visit your station before the event starts to confirm that you feel confident.
11:30-13:20	Facilitation	• This event is themed. We're calling NewCs "Sailors" and simulating that they're pirates on a treasure chest. For this station, they're feeling a bit seasick. • Once NewCs arrive, set an 8-minute timer. • Split the NewCs into 2 halves. Set up one team by one pylon and the other team by the neighboring pylon. Get them in a line. • The first NewC in the line should get into the potato sack and try to jump from the pylon to the one immediately across from them (i.e., there should be two 'lanes' and the NewCs do not cross into each other's lanes) • They need to get there and back, then give the potato sack to their teammates and tag them in. • Game ends when timer goes off or when one team wins over the other team, whichever's first

		• Disseminate tickets.
13:20- 13:40	Clean-Up	• Collect all materials (suggestion: store pylons in sack for ease of carrying), scan for litter, then return to New • Ensure all materials find their way into a storage box in 500U.
