Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
10:00-11:30	Set-Up	• Meet Conor and Rana in the Fishbowl at 10am. You will receive a box of materials for your station (mostly just snacks & refreshments). • Conor will walk the path of Route 1 and drop off station ELs sequentially. When we get to Lash Miller/McLennan, Conor will direct you to where you need to be set up. • You will receive two buckets and a sponge. Ensure that one of them is halfway filled with water before leaving New, and feel free to ask for assistance if it's too heavy to carry. • Place the bucket with water and the bucket without water about 6 metres away from each other. • Plop the sponge into the bucket that is empty. • Conor will visit your station before the event starts to confirm that you feel confident.
11:30-13:20	Facilitate	• This event is themed. We're calling NewCs "Sailors" and simulating that they're pirates searching for treasure. Your story is that the ship is flooding and you must empty it of water. • Once NewCs arrive at your station, set an 8-minute timer • Explain to them that they must work together to move as much water between buckets as possible using the sponge. Plop the sponge into the bucket with water. • Whilst holding the sponge, NewCs cannot move your feet. You can only twist your waist and reach with your arms. • The idea is that eventually they will form some kind

		of human bridge and pass the sponge back-and-forth, squeezing the water out into the empty bucket. • Once 8 minutes are up, or all the water is emptied, disseminate hint cards. • If you run out of water, message Conor for assistance.
13:20-13:45	Clean-Up	• Dump out remaining water in bucket and walk materials back to New.
