Event Run Sheet

TIME	**TASK**	**RESPONSIBILITIES**
11:00-11:30	Set-Up	• Meet Tia and the other event ELs at Wetmore Lounge at 11:00. • Tia will show you an app to download so you can use the label maker. • Assist Tia in taping one 'instructions' poster and one poster with Shari's bitmoji onto every table in Wetmore Lounge. • Note that Conor will not be on-site until about 12:30.
11:30 – 2:20	Facilitation	• When NewCs come to submit a bottle, do a quick check to confirm that they're submitting their contact information so that a staff member knows to reach out and connect with them about the supports/ wellness resources available to them as a first year student. • Ask them to show you their TCard. If they do not have their TCard, gently remind them that is a very good practice to get into as a UofT student and then ask them to sign into ACORN with their UTORid • Once you have their UTORid – and can confirm you have the correct one using ACORN or their TCard – input their UTORid into the label maker app. Print the label. Label the bottle. File it gently into the bin. • Then, add their UTORid to a mailing list that will be on a clipboard next to you. • Emphasize to them that someone will reach out after orientation, but if you need immediate support, to email new.orsl@utoronto.ca.

		• Thank them for participating and encourage them to a) write a message to their future self or b) try out Newlympics!
2:20-2:45	Clean-Up	• The event ending at 2:30 is a HARD deadline. It must end by then, so please start closing it down by 2:20. • Untape and collect all posters. Return all materials to storage boxes and return to 500U.
